HOW DO YOU RELATE TO YOUR BODY?

Your body is a vehicle for your presence and grand aura. It helps you get seen.

You feel most powerful when you're in command of your body. Losing control of something like your weight can be deeply troubling to you.

Your body is a display window for your self-confidence and dressing in the style that's right for you is a source of fun and inspiration.

HOW DO YOU TAKE PHYSICAL CARE OF YOURSELF AND OTHERS?

You love physical affection and you even mark your territory by public displays, the way a cat does.

You are very physically playful and enjoy sharing robust touch, like slapping others on the back and giving the high-five.

You love spa services and being the center of expert grooming ministrations.

Your core physical need is: to maintain the right body temperature and be radiating the right amount of warmth.

HOW DO YOU NEED TO EAT AND NOURISH YOURSELF?

Cooking is a performance and a fabulous medium for your creativity.

You're very generous with food, both with yourself and others.

When you've discovered something you like to eat, your first impulse is to share it with others.

HOW DO YOU HANDLE MONEY?

You like grand possessions that are worthy of display; sometimes you spend too much simply as a show of wealth, but without thinking where the money is going to come from.

You don't appreciate having to hold back if there's something you want.

You can be extravagant with yourself and those you love. Gifts might well be your love language.

YOUR HAVINGNESS BUCKET:

Make no mistake, your bucket is large and you sometimes feel that it's just not full enough for the grand lifestyle that is your birthright.
